

Summary The meeting transcript discusses the "Bread Factory" project in Bucharest, with a planned start date of July 2026. The project director, Andrei Ionescu, summarizes the current status and objectives, including obtaining land by the end of Q1 2026 and completing project design by February 2026.

Action Items

- Define technical requirements for the factory
- Propose a realistic sequence for project planning and construction
- Identify potential risks and manage them accordingly
- Establish direction and obtain consensus on timeline
- Clarify dependencies and decide on next steps
